

Total Package MedSpa News

April 2018

Hello Spring

The weather is finally starting to feel like Spring, which means summer is just around the corner! Have you thought about getting your skin summer-ready? Whether it's hydration, removing unwanted pigment or getting rid of unwanted fat, we have everything you need to get your skin and body in perfect shape for summer. We offer complimentary consultations not only to new patients, but to our current patients as well! This gives our patients the opportunity to re-visit your treatment plans with one of our nurses and re-evaluate any new goals. Schedule yours today at 605-725-4SPA! Don't forget to check out the next page for all of our exciting, upcoming Spring events!

Nurse's Notes

Why NOW is the perfect time for BBL!

- BBL is safest and most effective when your skin is at its lightest.
- Age and brown spots can put a damper on swim suit bodies!
- BBL is not just for the face but also other areas of the body shown more in the summer months.
- BBL can be used in combination with other treatments to achieve even greater results!
